

## Print preparation instructions

# Printed tape

Any logo, graphic or motif can be printed on the product. In order to ensure the best print quality on the ordered product, please follow the guidelines below when preparing the graphic file:

### 1. FILE FORMAT:

- Company logos should be submitted in vector/ in curves/ in an editable file.
- Such logo files can have a **.CDR**, **.AI**, **.EPS** or **.PDF** extension.

### 2. RESOLUTION:

- ✓ The recommended resolution for graphics, photos (so-called bitmaps) is **300 dpi**.
- ✓ Graphics below **150 dpi** resolution, will print blurry and out of focus.
- ✗ We do not accept files saved in **GIF, PNG, JPG** formats.
- ✗ We do not accept photographs of tape rolls or poor quality scans.

### 3. KOLORY:

- We print on packaging tape and paper tape in colours from the **PANTONE** palette.

### 4. TEXT AND FONTS:

- It is possible to add additional information on the design in the form of text, e.g. a company or website address.

### 5. FILE TRANSFER:

- All information should be sent to the email address: **info@boxmarket.eu**
- The file should not exceed the maximum size of the attachment (**e.g. 10 MB**). For larger files, we recommend using file transfer services such as **WeTransfer, Dropbox or Google Drive**.

### 6. CONFIRMATION AND APPROVAL OF THE PROJECT:

- Once the file is received, our team will prepare a visualisation of what the print will look like on the product. Please carefully review and approve the design before production begins.
- **Each design must be approved by the client before printing.**

If you have any doubts or questions, please contact our customer service department. We will be happy to help and advise you to make a product that meets your expectations.
